

◆ Do you need help caring for your terminally ill loved one?

◆ Does your loved one need more care than you can provide?

◆ Do you have questions about what services are available?

**If your answer is yes,  
Matrix Team Home  
Care can help!**

---

We are a Minnesota Class A Licensed Professional Home Care Agency. We believe you should be in control of your home care and approve your plan of care. Home care is a tax deductible expense. We will work with your LTC insurance carrier.

**Extended Hour  
End of Life Care**

## Who we are

Matrix Team Homecare is a locally owned, licensed homecare agency serving clients throughout the Twin Cities Metro area.

Matrix Caregivers (LPN's, CNA's or HHA's) are available to serve you on a private pay basis up to 24 hours a day, seven days a week.

Matrix caregivers have been specially trained and have experience in providing end of life care.

Some families choose to call Matrix to make advance preparations before additional care assistance is actually needed.

Some families call upon Matrix when their loved one is dying.

## When to call Matrix for End of Life Care

- ◆ If you are not able to provide all the necessary care for your loved one.
- ◆ If an elderly spouse or physically or emotionally exhausted family member would like care assistance.
- ◆ If a terminally ill patient does not have family or family is not close by.
- ◆ If your loved one would like to die at home.
- ◆ If family members need respite or assistance with care for a loved one so that they may tend to personal, family, work or other needs.
- ◆ If the your loved one needs care around the clock and the family cannot manage overnight care.

## How Does Matrix End of Life Care Work?

The Matrix care team works collaboratively with your current provider to supplement care for your loved one with extended hour home care options.

Matrix caregivers have been trained to provide comfort care, administer medications, observe for symptom changes and offer family support.

Each Matrix caregiver is supervised and trained to your loved one's individualized plan of care by a Matrix RN Care Consultant.

When there are questions about your loved one, a change in condition or a need to update the plan of care, the Matrix caregivers will contact the Matrix RN Supervisor, who is available 24 hours a day.
